Counts represent employees on payroll as of Nov. 1 who are active, on leave with pay, or paid on a suspense account; graduate assistants and student employees are excluded. Individuals are counted only once based on their primary role. Counts include employees with state appointments as well as those with appointments through the SUNY Research Foundation, and will exceed staff totals reported to IPEDS. Counts exclude faculty employees whose primary occupation is instruction, research, public service or a combination thereof. Administrators and librarians with faculty status are counted as staff. Employees in the University Hospital, Long Island Veterans Home, affiliated east end hospitals or those whose employment is managed exclusively through CPMP-PEO are not included. Other employees not represented in this table are those classified as special fund estimate (SFE) employees, employees associated with Stony Brook Child Care Services, and Stony Brook Foundation (SBF) employees. Total counts 2006-2016 restated to match administrative data and will reflect small variances from IPEDS; fall 2017 and later total counts reflect those reported to IPEDS. Prior to 2010 data for race/ethnicity categories were collected and reported using definitions from IPEDS that allowed individuals to identify only a single race/ethnicity. In 2010 and later, individuals were asked to report ethnicity and race separately, with the potential to indicate more than one race; these tables capture those data, without regard to visa or citizenship status and will add to more than 100 percent. The reported race/ethnicity categories of international faculty are included in counts and percentages. Percent of total uses the total number of faculty as a denominator; changes in unknown race/ethnicity can distort percentages. Percentages of U.S. citizens and legal residents with known race/ethnicity remove from the denominator nonresident alien faculty and those with unknown race/ethnicity.
