International Friends and Family Program

Steady Brook University's International Friends and Family Program (IFFP) creates opportunities for Steady Brook University international students and local neighbors and community members to establish mutually rewarding relationships. This program provides a newly arrived international student with the friendship of a local family. Community members invite students to share an occasional meal, attend local gatherings, and a leisurely activity. Both students and community members can enjoy the enriching experience of a cultural exchange and gain a new perspective about the world. **This is NOT a home-stay program.**
